The voice-over is in Hinglish (as it will be spoken). The English meaning is under each line for review.

TIME	VOICE-OVER	ON SCREEN
0–6s	एक website बनाने में कितना टाइम लगता है? Developer बोलेगा—दो हफ़्ते। Agency बोलेगी—पचास हज़ार रुपये। मैं बोलूँगा—बस पाँच मिनट। How long does it take to build a website? A developer will say two weeks. An agency will say ₹50,000. I'll say just five minutes.	Hook graphics: "2 weeks" calendar, "₹50,000" crossed out, "5 MIN" timer
6–10s	वेलकम टू Awesome Tools, Day 2! आज का tool है—MilesWeb AI Builder। Welcome to Awesome Tools, Day 2! Today's tool is MilesWeb AI Builder.	Series card "Awesome Tools · Day 2" → MilesWeb AI Builder title

10–20s	इसमें ना coding चाहिए, ना design की knowledge। बस dashboard में AI Builder खोलो, और अपना idea लिखो—जैसे "Gurugram में एक modern café की website, menu, offers और WhatsApp booking के साथ"। No coding, no design knowledge needed. Just open AI Builder in the dashboard and write your idea — like "a modern café website in Gurugram with a menu, offers and WhatsApp booking".	**Live demo:** MilesWeb dashboard → AI Builder → prompt being typed in the "Prompt It. Build It. Launch It." box
20–28s	और देखो... AI पूरी website खुद बना रहा है—layout, content, images, buttons—सब कुछ, कुछ ही मिनटों में। And look... the AI is building the whole website by itself — layout, content, images, buttons — in just a few minutes.	AI chat questions → generating screen with progress
28–33s	ये रहा final result—एक professional, mobile-friendly website, बिल्कुल ready। Here's the final result — a professional, mobile-friendly website, ready to go.	Generated website (desktop scroll + mobile view)
33–45s	अब कुछ बदलना है? बस बोल दो। "Theme dark green कर दो"—हो गया। "Testimonials section add करो"—हो गया। Text बदलना है, image हटानी है, layout बदलना है—prompt से भी, और खुद हाथ से भी। Want to change something? Just say it. "Make the theme dark green" — done. "Add a testimonials section" — done. Change text, remove an image, change the layout — by prompt, or manually.	Customisation: colour change before/after, section added, manual text/image/layout edit in the editor
45–54s	और सबसे अच्छी बात? AI Builder MilesWeb के hosting plans में पहले से included है, साथ में free AI credits, free domain, free SSL और daily backups। यानी website बनाओ और उसी जगह से live कर दो। The best part? AI Builder is already included in MilesWeb hosting plans, with free AI credits, a free domain, free SSL and daily backups. Build the website and take it live from the same place.	Plans screen ("One-time AI credits included with every plan") → domain setup → "Published successfully"
54–59s	Plans सिर्फ़ उनहत्तर रुपये महीने से शुरू होते हैं, और तीस दिन की money-back guarantee भी है। Plans start at just ₹69 a month, with a 30-day money-back guarantee.	"₹69/mo*" + "30-day money-back" · small text: *36-month plan, GST extra

59–64s	Freelancer हो, छोटा business है, या पहली बार अपनी website बनानी है—ये तुम्हारा सबसे fast रास्ता है। Whether you're a freelancer, a small business, or building your first website — this is your fastest way.	Three audience chips: Freelancer · Small business · First website
64–70s	Link चाहिए? कमेंट में लिखो 'WEBSITE', मैं सीधे DM कर दूँगा। Link bio में भी है। और ऐसे ही कमाल के AI tools के लिए, Computer Hub को अभी follow कर लो! Want the link? Comment "WEBSITE" and I'll DM it to you. It's in the bio too. And for more amazing AI tools, follow Computer Hub now!	Comment box "WEBSITE" → DM with the link → Computer Hub logo + Follow

3 Demo we will record

Screen recording inside the MilesWeb dashboard (once the AI Builder is active on the account):

Prompt: Create a modern website for "Chai Adda Café" in Gurugram. Sections: hero with offer, menu with prices,
today's offers, photo gallery, customer reviews, location map and a WhatsApp table-booking button.
Warm brown and cream colours, friendly tone, mobile-first.

Customisation prompts:
1. Change the theme to dark green with gold buttons.
2. Add a testimonials section with 3 customer reviews after the menu.
3. Rewrite the hero headline in Hinglish: "Har chuski mein ghar jaisa sukoon".
4. Change the menu section to a two-column card layout.
+ one manual edit (text and an image) in the editor.
